

VESPA PRIMAVERA AND VESPA SPRINT

Vespa®

IRRESISTIBLY TRENDY SINCE 1946 78 YEARS YOUNG AND CHARMING

Since it first appeared in 1946, it has conquered the world with its disruptive and innovative charisma. Not just an agile and modern means of transport, it is a real attitude to life: independent, free-thinking, positive, sensitive to the environment, iconoclastic and a spokesperson for young people's vision of life and social change. Its fresh, informal elegance has allowed it to stand the test of time with undiminished appeal and ability to conquer different generations and cultures. With over 19 million sold, it is a lifestyle icon, a star of musical, social and media phenomena and irreverently dynamic.

A black and white photograph of a factory floor. Numerous Vespa scooter frames are arranged in rows on mobile stands. The factory has a high ceiling with a complex steel truss structure and large windows. The floor is made of concrete. In the background, more frames and some assembled Vespa models are visible.

Primavera

VESPA PRIMAVERA

ICONIC DESIGN

LIGHTWEIGHT
AND EASY TO RIDE

HIGH PERFORMANCE
WITH LOW EMISSIONS

It was a success from its début in 1968, a symbol of the revolutionary and non-conformist ferment of the time. Young, carefree, compact and versatile, it continues to delight the world with its spirit of irreverent modernity and its innate style. To keep its freshness intact, today, the Vespa Primavera receives a technological, dynamic, ecofriendly makeover. It opts for premium lines and details for an increasingly distinctive and contemporary design, carefully researching materials and combinations, and is enriched with top-class technological features.

(VESPA PRIMAVERA)^{RED}

ICONIC DESIGN

RED WHEEL RIMS

(VESPA PRIMAVERA)^{RED} emerged from the partnership with (RED), which the Piaggio Group has supported since 2017. Founded by Bono and Bobby Shriver in 2006, (RED) seeks to encourage companies to allocate a sustainable cash flow to the Global Fund for the fight against AIDS and pandemics, as well as boosting public awareness and keeping a focus on the issue. The characteristic Rosso RED colour scheme, which elegantly clads the entire body, also colours the wheel rims and the ergonomic seat, made in soft Nabuk, making (VESPA PRIMAVERA)^{RED} truly unique and recognisable at a glance.

VESPA SPRINT S

WITH ITS BOLD AND
DEDICATED GRAPHICS

SPORTY SEAT

Pure energy and sporty character: The Vespa Sprint S is the modern heir to the 1960s sports Vespa. With a small and agile body, and stable and manoeuvrable structure, it incorporates the latest Piaggio technology. The innovative engine of the low-emission i-get (Italian Green Experience and Technology) family epitomises fast, easy, smooth and comfortable urban riding. The attention to design, refined details and finishes creates a unique and striking mix with its gritty attitude.

SERVICES

Thanks to the X-Care + Maintenance services offered by the brand, you can drive your Vespa without a care in the world. When you select and purchase one of the packages available to meet various needs, you will be entitled to periodic scheduled maintenance in line with the specifications set out in the use and maintenance manual. The services described can be activated on models with displacement greater than 50 cc. Check the packages available for the various models with your preferred dealer.

NO STRESS, ENDLESS EMOTIONS.

Purchase an Vespa scooter from the Official Network and get up to four years of warranty.

EXTENDED COMMERCIAL WARRANTY

At the end of the Standard Commercial Warranty (lasting 2 years from purchase or registration of the vehicle) a warranty lasting 12 months + additional 12 months (up to a maximum of 24 months) will be activated, provided that the ordinary maintenance activities set out in the Use and Maintenance Manual are carried out by the Service Centers of the Official Assistance Network, starting from the date of purchase of the vehicle. The Extended Commercial Warranty will be granted to Vespa scooters equipped with internal combustion engines up to 50 cc Euro 5 approved and over 50 cc Euro 5+ approved, purchased from the Official Network starting from 19th May 2025, at no additional cost to the customer. It guarantees free repair or replacement of major components. For more information, exclusions and general conditions on the Extended Commercial Warranty and the Standard Commercial Warranty, contact the Official Network or visit our website www.vespa.com

The X-Care + Premium Warranty completes the dedicated services on offer, protecting your peace of mind when it comes to your electric Vespa scooter and allowing you to travel worry-free. In addition to 2-year factory warranty, you can enjoy further protection with a 1 or 2 year extended warranty which includes roadside assistance. Ask your dealership or your authorised service centre for full details of the services and coverage available in your country.

With DreamRide, your dream of riding a Vespa is even easier to achieve. In fact, you can choose the most suitable financing solution for you, selecting it from a range of services conceived by the Piaggio Group to meet the numerous and changing financing needs.

The company reserves the right to make technical and aesthetic changes at any time. Full information on models and accessories is available at www.vespa.com. Ride carefully, always wearing a helmet and suitable gear. Always comply with the rules of the road and respect the environment. Read the operating and maintenance manual carefully. Always ask for original and approved spare parts in accordance with current legislation. Visit an Official Vespa Dealership or Authorised Retailer for a secure purchase and guaranteed service support.
